

4SURE

UNDERSTAND.
DECIDE.
UNDERWRITE.

Cloud based services, increased dependency on third parties, social media and a million other vulnerabilities can expose an organization to significant cyber risks.

**IDENTIFY KEY CYBER RISKS TO AVOID
UNDERWRITING LOSSES**

A cloud based application working on the **SaaS model**.

4SURE creates
an online cyber risk profile of your prospects
based on simple and easy to answer industry specific questionnaires.

It gives you a complete picture of an
organization's cyber – security health,
while assessing your prospect's exposure.

Here's what you get with 4SURE

**Recommendations
to improve risk score**

**Consistent
scoring system
free of any bias**

**Granular role based
access control**

**Generate online
proposal form**

**Industry specific
smart questionnaires**
